REQUEST FOR ASSIGNMENT OF CORRECT FILING DATE

A filing date has been assigned to this application of 18 February 2005. There is attached a copy of a postcard receipt bearing that date. As will be apparent from the certificate of express mailing on that postcard and on the papers filed, this application should have received the filing date of 8 February 2005.

It is essential to avoid abandonment of this application

03-28-2005

U.S. Patent & TMO/c/TM Mail Rcpt Dt. #77

that the correct filing date be awarded and the incorrect date now assigned be corrected to 8 February 2005. In support of this request are the following:

A certificate of express mailing bearing the post office notations and showing that the package was received into the post office on 8 February 2005.

A copy of the outgoing mail log showing that the papers in this file, identified as case 23192 PCT were indeed placed into the package EV467342127 which was received by the postal authorities on 8 February 2005.

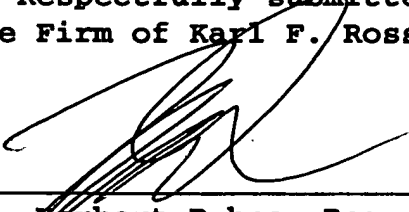

A copy of the receipt by the postal worker who picked up the package indicating that the date of pickup was 8 February 2005.

A receipt from the postal service showing that the package with that number was received at 4:47 p.m. on 8 February 2005 by the post office.

Enclosed are copies of postcards in serial number 29/223,620, serial number 29/223,615 and serial number 223,622 indicating that those cases enclosed in the same package had properly been given filing dates of 8 February 2005.

Since it is obvious that the 18 February 2005 date assigned in this case is in error, correction to 8 February 2005 is requested.

Respectfully submitted,
The Firm of Karl F. Ross P.C.
